

CNRL Pressure Vessel Representative Inspection Report

Inspection Date:	3/4/2012
------------------	----------

3/4/2012

Next Inspection:	2015
------------------	------

2015

Job #:

Page:

1 of 1

Criticality Designation:

>

ACCEPTABLE

Equipment Type: ☐ Fuel Gas Scrubber ☐ Line Heater ☒ Separator ☐ Methanol Drip Pot

District:

Grande Prairie Central

Field:

Saddle Hills Non-OP (1550)

Inspection Company:	Canadian Natural Resources Limited
---------------------	------------------------------------

Statement on Representative Inspection in the CNRL Owner-User Program:

The In-Service Inspection of this vessel will be conducted by Representative Inspection as per CNRL's Owner User Program (AQP-8039). Review and approval of the suitability of this vessel for Representative Inspection was conducted by the CNRL Pressure Equipment Integrity Coordinator and CNRL Chief Inspector and was documented in accordance with CNRL's Owner User Program (AQP-8039).

The following vessels have undergone a direct, physical inspection and represent approximately 1/3 of the vessels (of this type) in the field:

A0410851,A3117464,A0138755,A0438679,A0459018,A0410656,A3128895,A0406978,A0401989,A3117653,
A0427562,A3117079,A0414803,A0458980,A0439263,A0458993,C75174,A3051250,A0439142,A3112562

The following vessels are substantially the same in terms of geometry, design, construction, conditions of service and service location such that they are subject to substantially the same degradation mechanisms and rates. These vessels represent approximately 2/3 of the vessels (of this type) in the field:

A3117055,A0438952,A0417887,A0481446,A3155226,A0454824,A0454738,A0417489

CNRL Chief Inspector or
Pressure Equipment Integrity Coordinator (Name)

Cody Scheu

CNRL Chief Inspector or
Pressure Equipment Integrity Coordinator (Signature)

(I am in full agreement that representative inspection is valid)
